**AMEND Senate Bill No. 2153**

**House Bill No. 2086\***

by deleting in its entirety the text of the printed bill following the enacting clause and substituting the following:

SECTION 1. Tennessee Code Annotated, Title 49, Chapter 6, Part 12, is amended by adding a new section as follows:

Section 49-6-1208.

(a) A program of instruction on cardio-pulmonary resuscitation techniques commiserate with the learning expectations within the lifetime wellness curriculum shall be established by the state board of education for public junior or senior high schools. Participation in this instruction shall be required by all students at least once during their attendance in junior or senior high school.

(b) It is not the intention of this legislation to require full certification in CPR. It is the intention of the legislation that students learn the techniques and skills associated with performing CPR.

(c) This program shall be implemented no later than the 2004 – 2005 school year; provided that earlier implementation of the program is encouraged and the establishment of such program by the state board of education shall be designated in such a way to permit such earlier implementation.

SECTION 2. This act shall take July 1, 2002, the public welfare requiring it.
